9 am to 2 pm

\$180.00 per person

- Are you having a hard time shooting a good score on 5-Stand?
- Are you confused as to where the targets are coming from?
- Do you know where to look for the target before you call pull?
- Do you know what target to take first on a simo pair and why?
- Can you hit one target from the first box and miss that same target from every other position?

- How do you stand when you have two targets going in opposite directions?
- Do you know what method of shooting to use on crossers, quartering targets, teals, chondells, and going away targets?

If you have trouble with any of the above then this clinic is for you!

Maximum 5 people per class!

Smaller groups gives more personal attention to each shooter!

Even if you shoot pretty good 5-Stand this clinic will make you a better and more consistent shooter over all.

\$180.00 includes the following:

Instruction and Targets
