Maximum 10 shooters per clinic!

You will start the day in the classroom where we will go over the basics of shooting a shotgun - which can be applied to Sporting Clays, Skeet, Trap, 5-Stand, and hunting. We will also cover gun safety, gun fit, proper stance, eye dominance, etc. We will then split into 2 groups - one on the 5-Stand the other on the Skeet field. After lunch the groups will switch, this way you will get a feel for how 2 of the shotgun games are played. By the end of this day you will feel more comfortable behind the gun!
