TRAINING OPPORTUNITY!**

**MAKE READY WILL BE HOSTING RENOWNED INSTRUCTOR  
RANDY GAIN OF CUMBERLAND TACTICS  
FOR HIS PRACTICAL RIFLE COURSE JUNE 10-12, 2022**

**THIS COURSE IS ALL ABOUT LEARNING HOW TO RUN  
A GENERAL-PURPOSE BOLT ACTION RIFLE TO ITS FULL CAPABILITY.**

### **Practical Rifle**

This course is best suited to lightweight, fast handling bolt action rifles with iron sights or low power scopes. Lever rifles are also permitted. The format explores practical marksmanship at practical distances under field conditions. Problems are addressed from near contact distance out to 400 yards maximum. It is not a "long range" shooting course. The course is suitable for the person who wishes to utilize the rifle as a defensive tool as well as the hunter in the sporting field. We begin with curriculum including: safety, marksmanship, position shooting, sling work, and a working knowledge of practical ballistics. Once established, our focus turns to learning to fight with a "common, ordinary deer rifle." We incorporate tactical drills which are more traditionally encountered in 'tactical rifle' or 'urban carbine' type courses for magazine fed rifles. This exercise will give the student a superior level of gun-handling and manipulations skills. It's challenging, and it's a lot of fun! (It's also one of my favorite classes to teach.) A 3-day course.

**Ammunition Requirement: 500 Rounds**

**Course Tuition: \$600 + an additional range fee of \$50 to be paid to the FCLSC**

# RANDY CAIN

Randy Cain has been teaching and elevating the performance of his students for nearly four decades. He has trained with many of the country's most recognized and acclaimed instructors and taught with and for the elite pioneers of tactical training instructors. He is honored to be one of only three people in the world to hold instructor certification from Louis Awerbuck and Yavapai Firearms Academy having coordinated and/or hosted YFA classes for 20 years. It was Louis Awerbuck who persuaded Randy to start his own mobile training business.

Randy was a Rangemaster and Staff Instructor at Gunsite Academy for eight years, including duty as an instructor in the highly esteemed Masters Series classes with Gunsite founder Jeff Cooper. Randy's service as a police patrol officer, SWAT team member, and training officer shaped his approach to range training with lessons learned from the harsh realities of the streets.

Randy encourages open minds and critical thinking, but he's not much for the fads that come along in the training world. He focuses on solid, time-tested fundamentals and embraces tactics evolved over time through actual armed confrontations. His experience and discerning eye combine to provide each student with relevant and highly effective training, resulting in improved student performance.
